USER INTERFACE DESIGN
EXPERIMENT-7

NAME:RITTVIK

ROLL NO:
240701616

Designed UI Layouts

Three different UI layouts were created using Figma with variations in colour schemes and visual styles.

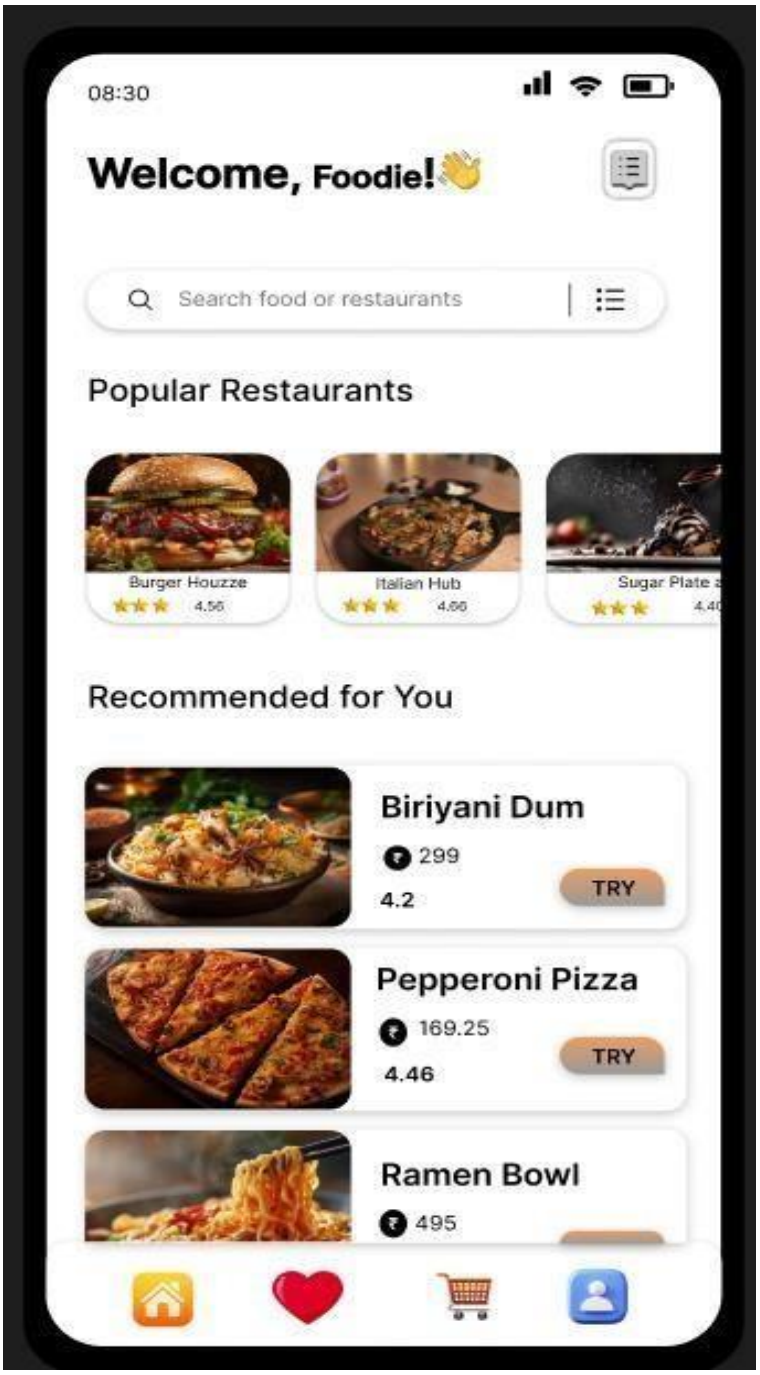
Design 1: Light Theme

Description:

- White background with minimal design
- Simple layout with clean typography
- Light-coloured buttons and icons

Observation:

- Easy to read and understand
- Looks simple but less visually attractive
- Suitable for basic user experience



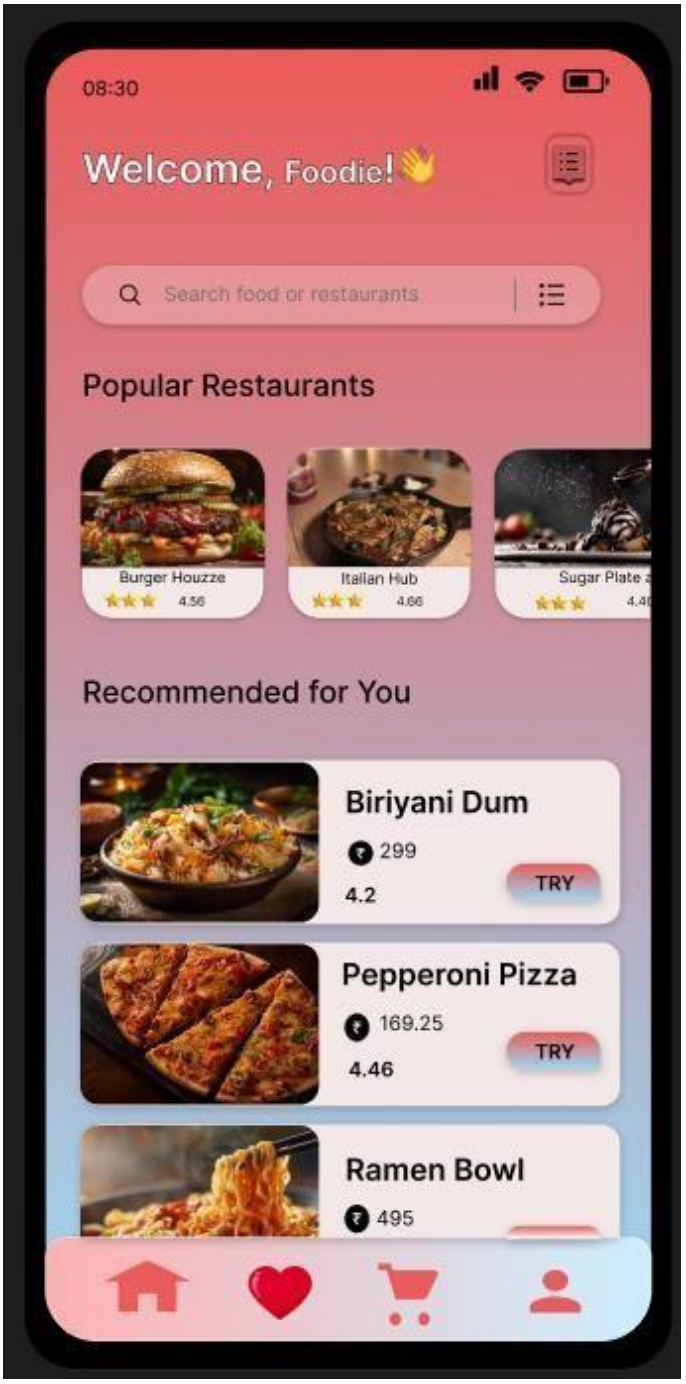
Design 2: Clean/White Theme

Description:

- Balanced layout with proper spacing
- Improved card structure and alignment
- **Soft colour usage**

Observation:

- Better layout structure compared to first design
- Good readability and spacing
- Moderate visual appeal



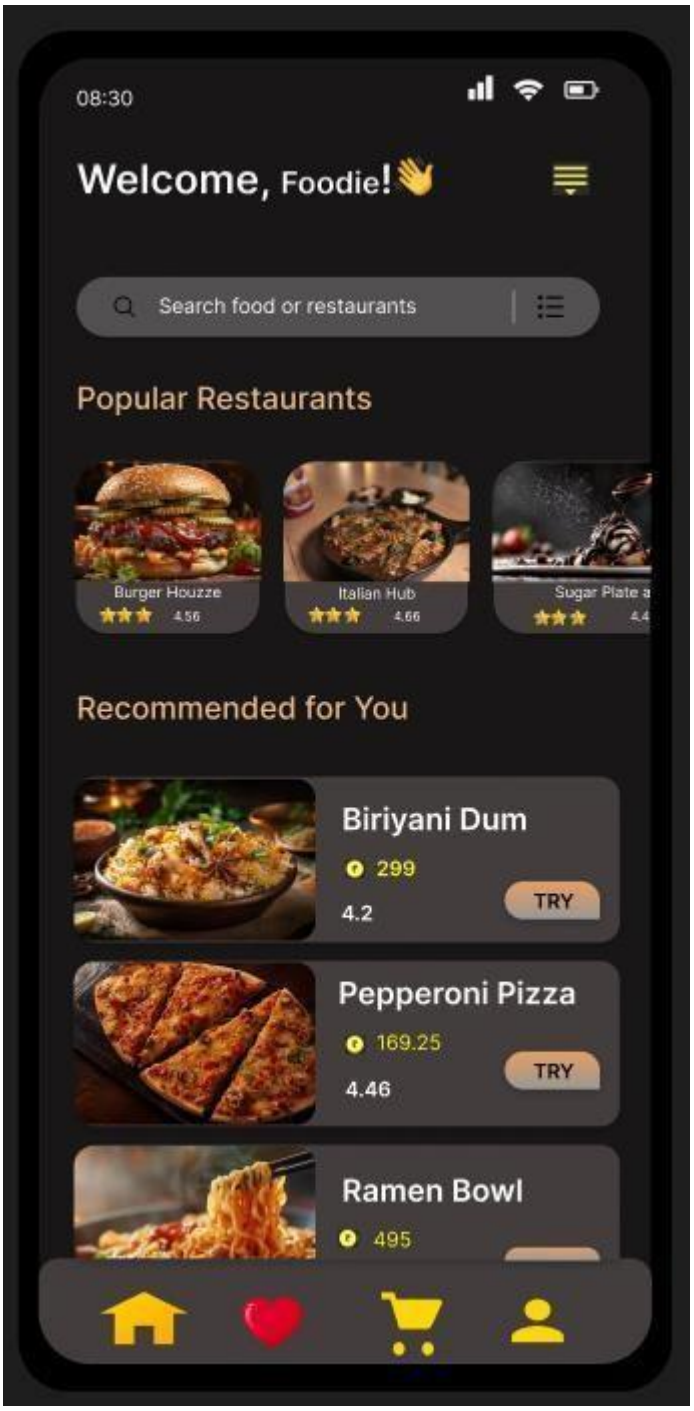
Design 3: Dark Theme

Description:

- Dark background with gold accents
- High contrast text and buttons
- Modern and premium look

Observation:

- Most visually attractive design
- Good contrast improves visibility
- Gives premium and modern feel



User Feedback Summary

Feedback was collected using Google Forms from multiple users.

Observations from Feedback:

- Majority of users preferred the **Dark Theme**
- Light theme was considered plain,simple and usual.
- Some users suggested improve the colour theme for better visibility.
- User liked consistent layout across all designs.

Final Observation

From the experiment, it is observed that:

- Color schemes significantly affect user preference.
- Dark themes provide better visual appeal.
- Proper spacing and alignment improve usability.
- User feedback helps in refining and enhancing the UI design.

Form response:

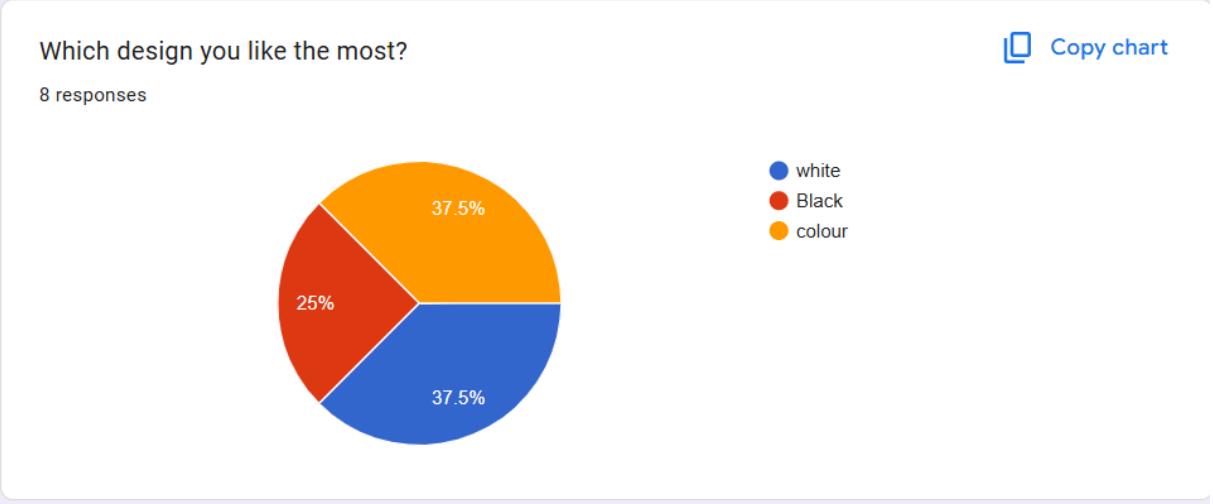
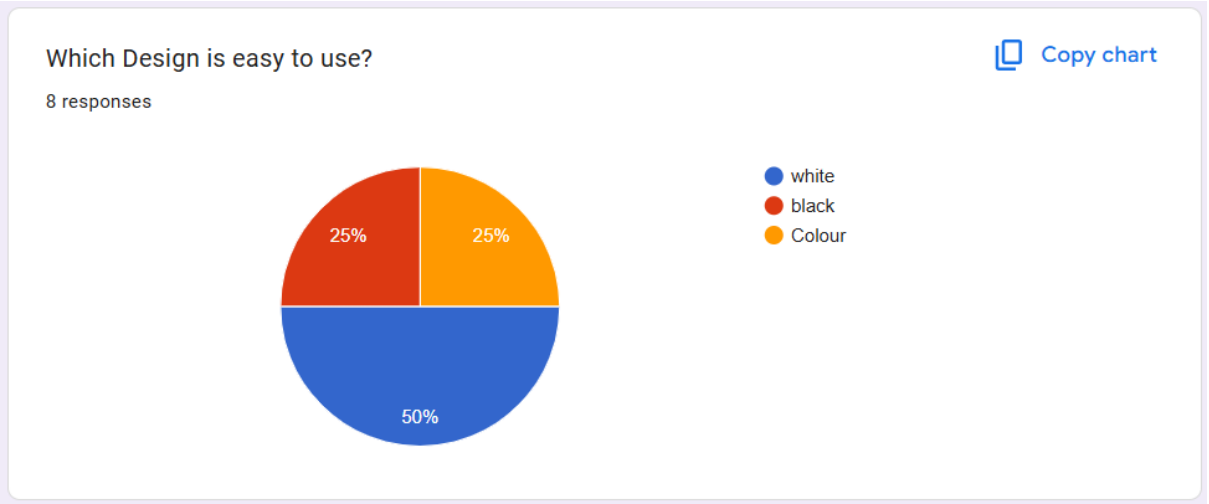
Form_Responses

Timestamp	Which design you like the most?	Which Design is easy to use?	Are buttons clearly visible?	Which design looks attractive and peaceful?	Are colours visible to eyes?	Any feedback to improve?
4/3/2026 14:44:50	white	white	yes	white	yes	-
4/3/2026 14:48:50	colour	Colour	yes	Black	yes	
4/3/2026 14:50:58	Black	black	yes	Black	yes	NO
4/3/2026 14:51:34	white	white	yes	white	yes	
4/3/2026 14:51:58	colour	Colour	yes	Colour	yes	
4/3/2026 14:52:54	Black	black	yes	Black	yes	Nothing to improve
4/3/2026 16:21:22	colour	white	yes	Black	yes	
4/3/2026 18:00:52	white	white	yes	white	yes	Nothing

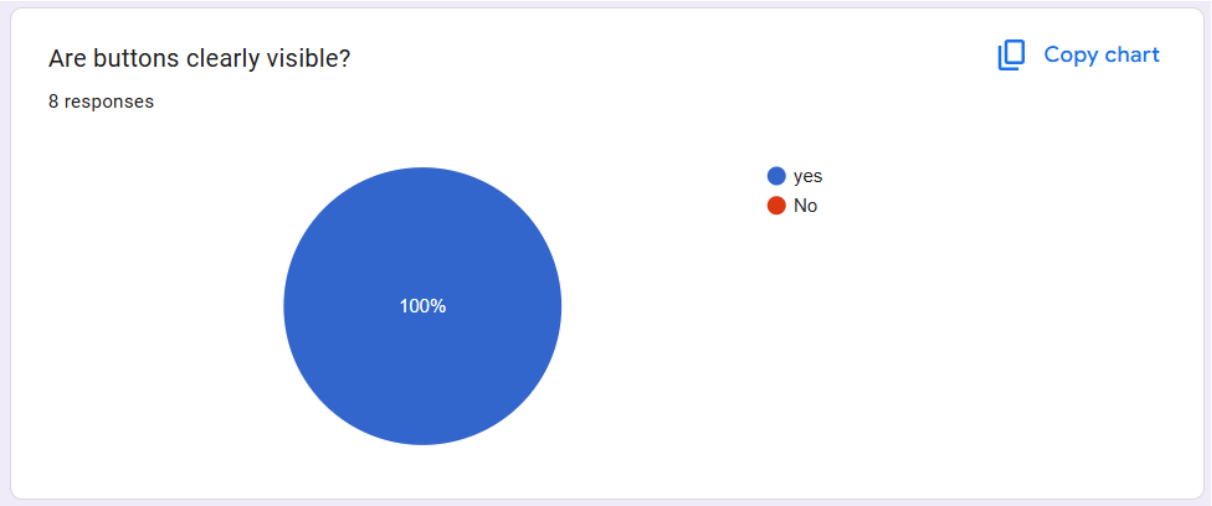
Response Analysis:



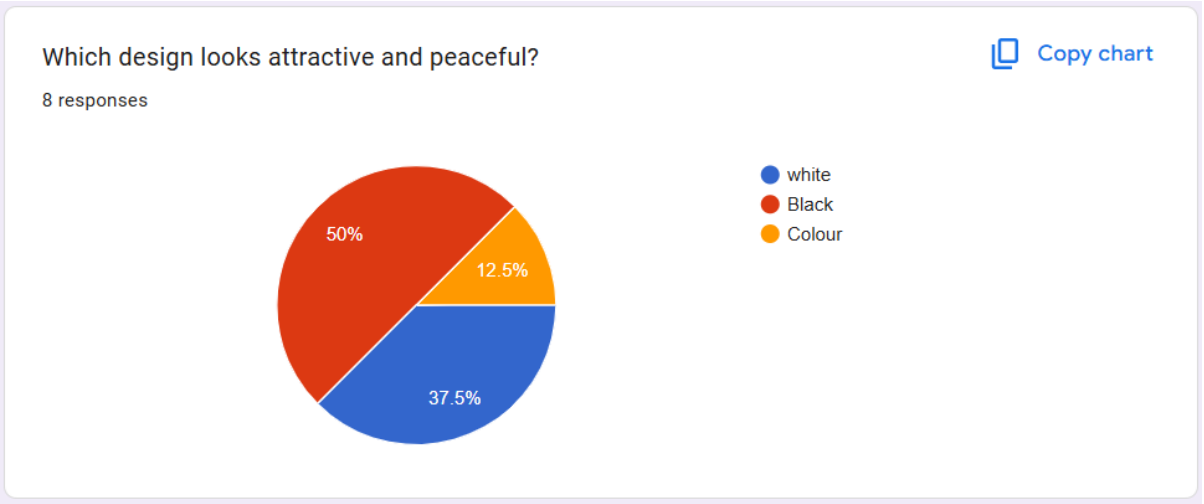
- In this feedback it is analysed that users liked mostly white and black theme design.
- Here user is comfortable with the usual theme as they use in their daily life.



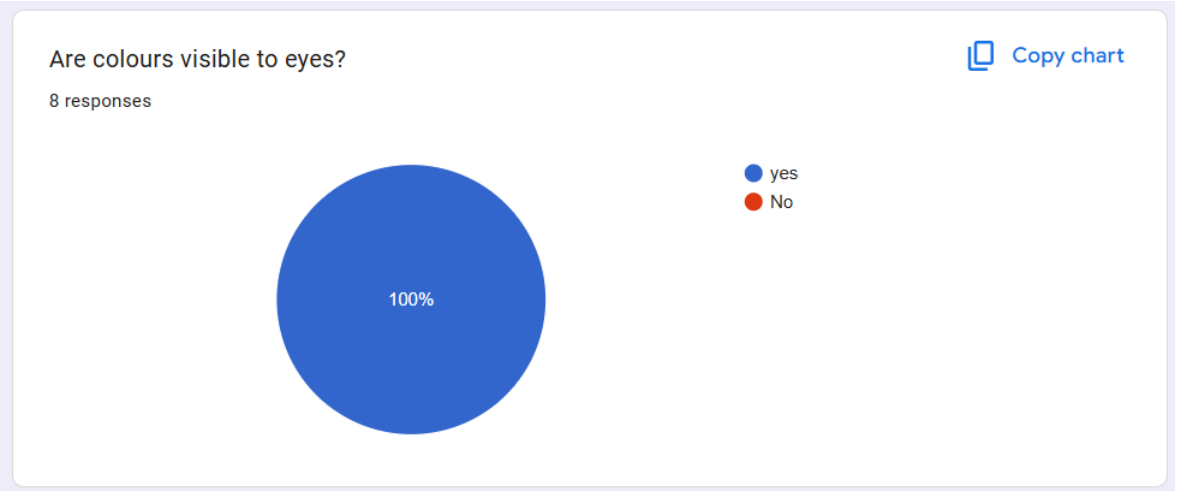
- As user is comfortable with the white theme and feeling good to use the white theme instead of other themes.



- In the all three design themes it is clearly given response that the buttons are super clear to use.



- Here the user is prefering the black theme design as they are being peaceful and comforted in black theme for flexible use.
- Theme theme design



Any feedback to improve?
